Who am I?

Hello! I'm Billy and I'm a Senior Recruitment Consultant, specialising within the QA and Testing market. My background is in recruitment and I hold a BSc in Information Management.

My role is to find the best talent for Testing and QA opportunities within London & M4 Corridor. I work on a variety of different permanent and contract roles, so would be delighted to hear from you. I aim to create a consultative approach towards our clients and candidates, separating myself from others, helping Xpertise become market leaders.

What makes me different?

I have always had an interest in technology, studying it at Loughborough University.

Furthermore, my proven track record of recruitment shows that I am a consistent performer within the industry. Specialising in one area has allowed me to gain a deep understanding of the market, allowing me to be incredibly well connected.

I also don't hide behind the phone! Message me for a coffee!

Why Xpertise Recruitment?

Xpertise Recruitment provide hard to find QA and Testing professionals across London.

We help candidates achieve their career ambitions, and provide advice, coaching and training to those who need support. We believe we offer something different from other agencies, bringing the human touch into recruitment by concentrating on building lasting relationships with candidates and clients, rather than making a quick sale. Our goal is to 'disrupt by caring'.

Our Xpertise Practices
